
New Volvo FMX.....all will be revealed soon

Posted by Volvo Trucks UK - 2010/03/25 12:03

Have you heard the news, here at Volvo HQ we've been beating the bongo drums that is social media for the last 2 days.

We're launching a new truck on the 19th April at the BAUMA Construction fair in Munich, and we'd like you to be some of the first to know about it, and see it.

To do this, we've launched a teaser site at

www.volvofmx.com

here you can get a glimpse (a moody and dark glimpse) of the new truck, download our teaser movie, and sign up to be one of the first to get the launch information on the 19th April.

We're also chatting about it on our facebook fansite - just go to facebook and search for Volvo FMX and you'll find us.
